APPLICATIONS RECEIVED

During the month of November, the Department of Human Services received 5,169 applications for Aid to Families with Dependent Children, an increase of 186 (3.7 percent) over the number received during October. In comparison with the number of applications received during November of the preceding year, there was an increase of 432 applications (9.1 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,917 AFDC applications during November. This number was 51.1 percent of the total applications on hand. It compares with 48 percent of the total number on hand for which investigations were completed during the preceding month and 48.8 percent for which investigations were completed during the same month of the preceding year. Three thousand eight hundred and seventy-two (65.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November, in comparison with 3,871 applicants (65.4 percent of those investigated) approved the preceding month and 3,179 applicants (66.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 0.1 percent over the number approved in October, and an increase of 21.8 percent over the number approved in November, 1985. The rate of approvals for the AFDC Program remained the same as the preceding month but if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during November amounted to $9,632,901.00. This was an increase of 5.5 percent over the amount of money payments for October, and an increase of 17.2 percent over the money payments for November of the preceding year. Payments were made for 63,162 families with 116,788 children at an average grant of $152.51 per family and $82.48 per child. The average grant increased over October by $4.48 per family and $2.37 per child. In comparison with the same month of last year, the average grant showed an increase of $9.40 per family and an increase of $5.54 per child.

CASES CLOSED

Two thousand two hundred and seven AFDC cases were closed during November, a decrease of 5 percent from the October closures. In comparison with the same month of the preceding year, the closures showed a decrease of 2.1 percent. Five hundred and thirty-five (24.2 percent) of the AFDC cases closed during November were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand six hundred and seventy-two (75.8 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
